The Longest Day® is the day with the most light — the summer solstice. The Longest Day participants fight the darkness of Alzheimer's and all other dementia through a fundraising activity of their choice on a day that works for them. With sports tournaments, card games, parties, baking and more, participants raise funds to advance the care, support and research efforts of the Alzheimer's Association®.

For the first time, we have [treatments that can change the course of Alzheimer's](#). While this is a tremendous step forward, our work is far from done. We won't rest until everyone living with the disease — at any stage — can get the treatment, care and support they need and deserve.

World Elder Abuse AWARENESS MONTH

—MONTELEON LAW—

June is Elder Abuse Awareness Month!

This month, we recognize **Elder Abuse Awareness Month**—a critical time to raise awareness about the mistreatment of older adults, which can include physical, emotional, financial, or neglectful abuse. Seniors are among the most vulnerable in our communities, and knowledge is key to prevention. We encourage you to learn the signs, understand the risk factors, and know how to respond.

Together, we can help protect our seniors and ensure they live with dignity and respect.
