SEPTEMBER CELEBRATIONS!

Join us in celebrating these holidays this month and share how you observed them on our social media!

September is World Alzheimer's Month!

Alzheimer's disease is the most common type of dementia. This disease starts off with memory loss and can lead into losing the ability to have conversations and respond to the environment. Alzheimer's disease impacts parts of the brain that control thought, memory, and language.

To learn more about Alzheimer's and how to be part of the cure, visit Centers for Disease Control and Prevention below!
